**NEW TRIPLE INTERFACE VERSION!**

**G-DRIVE mini**

G-DRIVE™ mini hard drives from G-Tech are the ideal storage solutions for people on the go. Weighing in at less than 9 oz., G-DRIVE mini is the ultra-portable and stylish way to travel with up to 250 GB of storage space for your important documents, MP3s, digital video and digital photo files.

**Bus Powered – No Cumbersome AC adapter required!**

G-DRIVE mini is bus powered\*, eliminating the need to carry an external AC power supply. Portability was

never so easy!

\*USB does not supply enough power to reliably operate the new, larger drive capacities over 120GB. Some systems may work with the 120GB models, for others an optional power supply is available.

**High-performance FireWire and USB 2.0 connectivity!**

G-DRIVE mini sports the latest hot-pluggable FireWire and USB interfaces to provide industry leading performance and universal connectivity.

**QUICK FACTS**

**\$199.00**

Currently Out of Stock

NOTE: Due to overwhelming demand for our products and the release of Mac OS Leopard we are currently out of stock on many popular products. We have been focusing our efforts to keep our resellers stocked with product so please [click here](#) to find a reseller near you.

**G-DRIVE mini Combo:**  
FireWire 400 and USB 2.0 ports

**NEW! G-DRIVE mini Triple:**  
FireWire 400, Blazing Fast FireWire 800 and USB 2.0 ports

**Easy Setup – Time Machine Ready!**

G-DRIVE mini is formatted at the factory HFS+ with Journaling and is Time Machine Ready right out of the box! A simple initialization is all it takes to prepare G-DRIVE mini for use with other operation systems.

G-DRIVE mini features a “fan-less” cooling system and is designed to silently dissipate heat for superior reliability and data integrity.

**The Best Warranty & Support in the Business**

G-DRIVE mini is backed by a standard 2-year factory warranty.
